### A NOTE FROM THE TEACHERS

We are excited to get the school year started with your Montessori student! This month is all about getting to know our classroom and each other. The children will be introduced to the different areas of the classroom and begin to explore with preliminary activities. Our youngest classmates are fortunate to have a group of six Kindergarteners to learn from as we navigate our classroom routines and rhythms.

“The education of even a small child...  
does not aim at preparing him for school, but for life.”

- Maria Montessori
