Announcements

We would like to ask each child to bring in **signed, but unaddressed** valentines to deliver to their friends on February 14th. Both classes have 16 children and 2 teachers. This is a great opportunity for your child to practice writing his/her name. A word of advice...start early and do just a few a day...it's LOTS of hard work! For those who cannot yet write their name, please have them try to write the first letter of their name and you can finish.

Reminders: If you are interested in registering your child for the 2023-24 school year, please do so by February 28th. We will hold slots for current Highland families until that date. Starting March 1st, we will open slots to the public.
